

Thursday Is Y-12 Holiday; Thanksgiving Prayer Urged

Community Services At Robertsville Baptist Church Offers Opportunity For Family Worship

They had little—but our forefathers gave thanks. So is it too much to ask that Y-12ers join Americans throughout the land in pausing on Thanksgiving Day, tomorrow, Thursday, November 22, to bow heads in prayer for even just a moment to utter thanks for the abundance of their lives in this 20th Century atomic age?

Friday Is Deadline For Voting On Awards

Early Balloting Brisk For 17th Period Items

Y-12ers are reminded that only two days remain in which to cast their vote for selection of 11 articles to be offered as individual safety awards for eligible Union Carbide Nuclear Company employees who helped establish the 17th Union Carbide Safety Period in the Y-12 Plant Area. The deadline for returning the ballots to the Safety Department is 4:30 o'clock Friday afternoon of this week, November 23.

11 Items On Final Pick

Voting in the first few days after the ballot was published last week in The Y-12 Bulletin was brisk and after the votes are counted the Safety Department immediately will make plans to circulate final safety award selection cards throughout the plant. On these cards will be space for picking one of 11 articles to be chosen, these 11 items being those drawing the highest votes in the preliminary balloting.

A total of 36 items were offered in the preliminary balloting. All were fully described and pictured in The Bulletin.

First Period In Year

The 17th Union Carbide Safety Period is the first established in more than a year in the Y-12 Plant Area and covered a period of 69 days from August 15 through October 22, inclusive. During that time 2,185,455 hours of plant operations were performed without a disabling injury. The 1,500,000-hour mark of accident-free operations required for a UCC Safety Period was reached October 1.

Chemical Industry To Spend Big Sum On Young Persons

The National Association of Manufacturers News points out that the chemical industry, fourth largest in the nation, has announced it expects to spend more than \$1,000,000 in the next five years interesting young persons in scientific careers.

The industry, according to the publication, is trying to avert an expected possible shortage, by 1965, of about 93,000 scientists and engineers for its own plants.

Of course, tomorrow is a holiday in the Y-12 Plant — one of the seven with pay granted by the Company during this year. On tomorrow, no employee will be required to work except those whose presence is needed for the continuous operations in the plant and for the plant's protection.

Rev. Alvin Amos To Speak

An opportunity for family Thanksgiving worship is provided by the Oak Ridge Community Services at 10 a.m. at the Robertsville Baptist Church. The Rev. W. C. Summar, pastor of the church, will be in charge of the services and the sermon will be given by the Rev. Alvin Amos, pastor of the First Christian Church. The Rev. Harley Patterson, of the United Church, is chairman of the Oak Ridge Ministerial Association committee arranging the program and the Rev. Kenneth Combs, pastor of the First Presbyterian Church, is president of the association.

Holiday music will be offered by the Jefferson Junior High School chorus under direction of Mrs. William Marr. A special offering will be divided between the Oak Ridge Ministerial Association program and the Church World Service.

Colonists Started Observance

Early Thanksgiving observances were held on various dates by colonists from England in the wilds of New England in what is now Massachusetts, Rhode Island, Maine and other northeastern sections. The first national proclamation of Thanksgiving Day as it is

Analytical Group To Hear Talk By Dr. L. B. Rogers

Dr. L. B. "Buck" Rogers, associate professor of analytical chemistry at Massachusetts Institute of Technology, will speak at a meeting of the Analytical Group of the East Tennessee Section of the American Chemical Society next Tuesday night, November 27. The session will be at 8 p.m. in the cafeteria of the Robertsville Junior High School.

Dr. Rogers' topic is "Irreversible Reactions, What They Mean in Polarography and Electro-Operations." The speaker was born in Manchester, Conn., completed his undergraduate work at Wesleyan in 1939 and received his M.A. and Ph.D. from Princeton University. He is a consultant to the Analytical Chemistry Division of Oak Ridge National Laboratory.

Y-12 Dance-Party To Be Held Friday, December 7; UCNC Children's Parties Set Monday, December 24

Details For Christmas Entertainment Given

In keeping with the Christmas season customs of past years there will be gala events for both grown-up Y-12ers and their youngsters during the month of December. Of course, there will be the annual Dance-Party for the grown folks and the annual Union Carbide Nuclear Company Christmas Parties for children of all employees from two to 10 years old, inclusive.

The Dance-Party will be held Friday night, December 7, at the Oak Terrace ballroom.

The Christmas Parties for children of Y-12ers and all other Union Carbide Nuclear Company installations in Oak Ridge will be on Monday, December 24, in the Oak Ridge High School auditorium and at the Gamble Valley School gymnasium.

Larry Dunn and his orchestra, who have provided enjoyable tunes for previous Y-12 dances, will be on the bandstand for the Dance-Party. Tickets will be \$1 per person, including tax. Lots of fun will be provided for all—as is usual at the annual Christmas Dance-Party affairs held in past years.

Children's Programs Not Curtailed

The Carbide Children's Christmas Parties, previously spread over two days, will be condensed into one day this year, Monday, December 24. However, the usual enjoyable programs for the youngsters will not be curtailed and will include the usual movie cartoons, a visit from Santa Claus and a gift stocking for every youthful guest.

An application blank for tickets to the Children's Parties is published on Page Four of this week's edition of The Y-12 Bulletin. It will be printed again on Wednesday, November 28, December 5 and December 12; enabling every Y-12 parent of a child in the age bracket to apply for tickets.

The arrangements this year call for five programs for the Children's Parties on Monday, December 24. They will be at 9 a.m., 11 a.m., 1 p.m. and 3 p.m. at the Oak Ridge High School and at 11 a.m. at the Gamble Valley School.

To be sure that they will receive tickets at the correct address and in plenty of time for the parties, Y-12 parents are urged to use care in filling out the application blank. Of course, the name and address should be clear, particularly the home address, to which all tickets will be mailed.

Time Preference Requested

It also is imperative that the

Y-12ER CARL G. BREWSTER, MEDICAL, RIGHT, State Finance Officer for the Amvets, is shown with Tennessee State Commander O. K. Shell, left, and National Commander Dominic Strada, center, at a District No. 6 meeting in Louisville, Ky., when plans for the Amvets National Scholarship Program were discussed. Brewster is active in promoting the program in Tennessee.

Y-12er Is Active In Promoting Amvets Scholarship Program

Carl G. Brewster Describes Aid To Seniors Whose Fathers Died In Battle Or Are Disabled

A Y-12 man and World War II veteran, Carl G. Brewster, of the Medical Department, is taking an active part in promoting and publicizing the Amvets National Scholarship Program throughout the state of Tennessee. Brewster is State Finance Officer of the Amvets and also active in the activities of the local post of the veterans' organization.

The Amvets National Scholarship Program provides for the issuance of a \$2,000 scholarship in each of the six national Amvet districts in the country. The scholarships are to be awarded to high school seniors who are sons or daughters of fathers killed in service or whose fathers are totally disabled veterans.

Financial Need Is Considered

The competition for the scholarships is based on high school grades, a special test of applicants and consideration of the financial needs of the individual applicants. The selection of the seniors to receive the scholarships is made by the National Association of Secondary School Principals.

The program activities are expected to start in Tennessee about December 1, Brewster stated last week. Information on the program

March Of Dimes Campaign Headed By Y-12er Kurtz

Joseph J. Kurtz, of the Y-12 Process Engineering Department, has been named chairman for the March of Dimes in Oak Ridge during the month of January. His wife was the 1956 chairman for the Mother's March on Polio.

Kurtz, who attended a regional conference of March of Dimes leaders held recently in Charlotte, N. C., points out that despite the advent of Salk vaccine, polio can't yet be counted out and many millions of persons in the susceptible age group have not been vaccinated. Part of the money raised this year, Kurtz said, will be used to help families who cannot afford vaccination.

CU Home Loan Interest 3/4 Of One Per Cent

All Applications Get Individual Attention

The rate of interest on Y-12 Employees Credit Union loans for purchase of Oak Ridge real estate is three-quarters of one per cent on unpaid balances, it was stressed last week by Mrs. Lorena Causey, Credit Union treasurer. She stated that there apparently had been some confusion over the rate among prospective Y-12 home buyers—some believing the rate was the usual one per cent on unpaid balances prevailing on other loans.

More Than 30 Loans Made

More than 30 loans for the purchase of Oak Ridge homes by Y-12ers have been made by the Credit Union since the houses were placed on sale, Mrs. Causey reported.

Y-12ers applying for Credit Union loans for the purpose of purchasing real estate must first obtain their "packet," the information on all property for sale. This packet then is brought to the Credit Union office, North Portal, where individual attention is given each application.

Three-Year Limit Set

Under federal regulations covering chartered credit unions, such as the Y-12 organization, credit union loans on real estate security is limited to three years. With this regulation to consider, every application is given close attention as to the wage bracket of the applicant, his general background and whether payments necessary to liquidate the loan in three years can be made without being a burden to the applicant.

TWO FINE INDOOR SNAPSHOTS are honor winners in the Y-12 Photographic Contest for the week ending November 9. "Pup On Pillow" is the title of the top picture, by Dave Alford, Beta Two, first prize winner. "One Year Old" is the caption of the lower picture, by Howard Horne, Maintenance Planning, second place winner.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

Maurice G. Crouch, General Utilities, November 22.

Jess Johnson, Maintenance Automotive Equipment, November 22.

Ernest Lawson, Buildings and Grounds, November 28.

Nursing Scholarship Dance Announced For November 30

All Y-12ers and other Carbide employees are invited to the annual nursing scholarship dance to be given by the Catholic Women's Club of St. Mary's Church of Oak Ridge on Friday night, November 30. The dance will be given in the Oak Terrace ballroom with music to be provided by Jerry Collins and his orchestra.

Mrs. O. D. Matlock, whose husband is a Y-12er in Research Services, is chairman of the dance committee. Ticket chairman is Mrs. J. R. Moran, aided by Mrs. H. J. Klemski and Mrs. D. S. Pesce is in charge of refreshments.

HAM HOCK AND CABBAGE TOPS SPECIAL LUNCH

A good old hearty dish for particular diners will be offered on the Y-12 Cafeteria Special Lunch next Tuesday, November 27, when ham hock and cabbage will form the main dish. The 50-cent Special Lunch also will include one vegetable, choice of salad or dessert and rolls and butter.

GRANDPA J. W. PATE, of Mechanical Inspection, isn't going to miss his lunch box if this thoughtful little granddaughter can help it. The youngster is Donnie Lawhorn, child of the Y-12er's daughter.

Carbide Women's Card Club Sets Meeting For Tonight

The Carbide Women's Card Club will hold its monthly bridge, canasta and bingo party tonight, Wednesday, November 21, preceded by an important business meeting of the group. The meeting will be at 7:30 o'clock in the Green Room of the Ridge Recreation Hall. All wives of Union Carbide Nuclear Company employees in Oak Ridge and nearby communities are urged to attend the meeting.

Board members in charge of the meeting tonight are Mrs. B. B. Gregory and Mrs. Fred Hannon. Hostesses will be Mrs. B. T. Gibson, of the bridge section; and Mrs. James Liasha, of the canasta section.

Get well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

E. B. Galloway, C. C. Bowman and W. M. Boatman, Research Services; Bobby L. Powers, Beta Two; Benjamin F. Hope, Property Sales; F. L. Rigney, Mechanical; George W. Manning and Andrew A. Kocsi, Process Maintenance; Ernest F. Pugh, A Mechanical Operations; L. R. Bailey, General Utilities; S. A. Copeland, Property; James D. Owens, Process Engineering; Lou Faye Duncan, Special Testing; Hillard Applin, Buildings and Grounds; Hazel Willis, Medical; Clarence E. Legg, Produce Processing.

UCC Public Relations Man Honored By School Boards

Thomas C. Fetherston, President of the Board of Education of Oceanside, N. Y., has been elected President of the New York State School Boards Association, Inc., at the Association's annual meeting in Syracuse, N. Y.

The New York State School Boards Association includes in its membership practically all of the Boards of Education in the state from New York City to the smallest rural community.

Fetherston is Assistant Director of Public Relations, Union Carbide and Carbon Corporation, and is active in the Public Relations Society of America, The Association of National Advertisers, and several technical societies.

BE SURE IT'S SAFE, THEN GO AHEAD!

More marvels of progressive education.

"Is there anyone in the class," asked the teacher, "who can tell us all about the grizzly bear?"

Little Wilbur raised his hand and was recognized.

"The grizzly bear," he said, "builds its den in the Rocky Mountains where it sits and grizzlies all day."

Well, if any of you Y-12 readers of this colyum want to see some real, first class, whing-ding grizzling done, just drop up sometime when the Colyum Conductor has a "misery." Boy, can he grizzle!

FINANCE AND MATERIALS

Property Sales sends rapid recovery wishes to **Ben Hope** and also to **Stella Gammel's** husband—both are ailing at Oak Ridge Hospital . . . **F. McClure** is vacationing—deponent sayeth not whereth.

N. L. Ensor, of Property, is vacationing in North Carolina . . . **R. A. "Judge" Angel** is taking it easy at home in Oakdale.

TECHNICAL

Bob Lassiter, Mechanical Engineering, was ready for wild boar, bears and/or deer when he left on vacation—reports on his take are awaited with breathless interest by pals.

John Hill and **H. G. Tillery**, Industrial Engineering, musta passed each other on the way out and in—on vacations, that is.

V. C. Barnes is back at his Piping and Civil Engineering post after vacationing.

MECHANICAL OPERATIONS

F Mechanical Operations sends in a free adv. for **M. F. Hazelwood**—seems he has opened a consultant agency, specializing on construction of pump houses . . .

O. N. Shultz is spending his vacation working on his new home near Kingston . . . The "cussing and smoking fund" started by **J. L. Brown**, **C. W. Stegall** and **Ernie Collins** is reportedly making for better business at the Credit Union . . . Another honest man—**W. Crowe** found **A. W. Teague's** pocketbook and returned same . . .

R. E. Newcombe is welcomed back to the department . . . **C. E. Begley** dispensed justice while recently serving on the Roane County Grand Jury . . . So did **A. B. Anderson** . . .

Get well wishes go to **C. E. Day**, ill at home . . . Also to **M. Patterson's** mother-in-law, likewise sick.

M. G. McGill, C Mechanical Operations, is taking it easy over in friendly Friendsville . . . **G. P. McGhee** is a two-weeker off somewhere unknown to pals.

B Mechanical Operations comes through with the first paternity news of the week—**Tim Watt** reporting that the Stork went into a flaps-down operation to leave a daughter at the home of Mr. and Mrs. **R. F. Wyatt**—weighed in at five pounds, seven ounces at Oak

LITTLE GAYE GRESHAM, two-year-old daughter of Jack Gresham, A Mechanical Operations, may be just investigating or getting ready to try out an outdoor bath tub in this cute picture of her at the Gresham's home in Fountain City.

Ridge Hospital November 6 and was named **Brenda Kay** . . . **C. L. Hawkins** is ambling around Alabama . . . **V. D. Cooper** is just staying at home . . . **T. T. Patterson** picked Virginia for his vacation . . . **C. R. Bowman** is rabbit hunting somewhere and **H. L. Harris** went to Virginia on a deer hunt . . . **C. E. Dugger** selected points in Georgia and good old Daytona Beach for his'n . . . **W. P. Campbell** plans to move into his new home in Knox County this week . . . **J. A. Whitson** dodged inquiries as to his planned vacation whereabouts.

General Machine Shop extends condolences to **Roy Griffith**, whose father, **Don A. Griffith**, died November 9 in Erwin, Tenn. . . . Likewise to **S. L. Newton**, whose mother died November 10 in Leeds, Ala. . . . Get well wishes to **W. L. Lowery** and **L. A. Michael** . . . **L. B. Keith** and **O. M. Freels** still are talking about that Tenn-Tech tilt that they saw in Atlanta.

Thanksgiving week (this week) is a popular one for Shoppers for vacationing . . . At home in Knoxville and Knox County are **Floyd Ludwig** and **Bob Loy** . . .

Likewise **W. B. Tyree** at his Rt. No. 17 site . . . Oak Ridge domiciles attract **S. A. Starnes**, **F. M. Pugh** and **Lucille Pruitt** . . . **E. L. Armstrong** is over at Powell where he recently entertained his mother-in-law and sister-in-law from Birmingham . . .

G. L. Tate is going to visit kin folks at Bruce-ton, Tenn., and then try the fishing on nearby Kentucky Lake . . . **H. A. Maney** is visiting relatives over in Hot Springs, N. C. . . .

Posses may be required to find the whereabouts of **L. C. Watson**, **W. C. Crowe**, **M. H. Clayton**, **J. Massengill** and **M. D. Bates**.

MAINTENANCE

Maintenance Planning reports **John S. Irving** and his wife are visiting their son at the Warner-Robbins Air Base near Macon, Ga., and then are going to St. Petersburg for a warm Florida vacation—hoping the son and his family can join them for turkey—Florida style . . .

H. W. Caldwell is another vacationer with undetermined plans at press time . . . The Colyum's very thoughtful reporter in Maintenance Planning sends "Happy Thanksgiving Day for all of The Bulletin staff"—We sure thank you, **Helen Sisson**.

Electrical Maintenance sadly sends word that their **W. H. "Robin Hood" Hatfield**, **L. J. Adkisson** and **D. C. Martin** all came back empty-handed from deer hunts . . .

"Major" **Welch** has assured the three he will bring back a "trophy size" buck when he takes to the woods next month . . . **R. J. LaForge** was in Miami last week—reportedly on a "deer" hunt . . .

T. N. Breazeale is vacationing this week, getting acquainted with his new offspring.

Fletcher DeFord and **C. C. Bowman**, Research Services, are getting their get well wishes at Oak Ridge Hospital bedside . . . **C. J. Job** and **H. M. Smith** also are ailing . . . **F. M. Barnes** went down to Copper Hill, Tenn., and **C. L. Matthews** is staying at home around Oak Ridge on vacations.

INDUSTRIAL RELATIONS

The Guard Department's **Capt. Pat Dabbs** and his wife picked Tampa, Sarasota and Winter Haven, Fla., all good spots, for vacationing purposes . . . The boys in gray are glad **A. J. Ballinger** is back after his long illness . . . Get well wishes to the wife of **Lieut. J. A. Atchley**, who was ill for some time in Baptist Hospital in Knoxville.

Helen Blalock, Medical, is vacationing in Macon, Ga. . . . **Dr. Harry Dickson** went up to New York City (to get more novel material?)

Harlan Wright, the hard-work-

A HAPPY DEPARTURE from Y-12 was experienced by **Ann McWilliams**, a long-time employee who resigned recently to live in Maryville. Just before she left a group of fellow employees in the Technical Division and girl friends from throughout the plant entertained her with luncheon at the Y-12 Cafeteria and presented her with a silver tea set and candle sticks. Ann is shown above beaming over the going-away card and present.

B Mechanical Operations Accident-Free Two Years

The B Mechanical Operations Department of Bldg. 9212 completed an enviable record of two years without a disabling accident on Wednesday, November 7. During that time the department worked 1,466,000 man-hours under Department Head **Claude Hensley**, an avowed advocate of safety who has converted his group to all of the principles of safe operations in their work. Since the last disabling injury on November 7, 1954, the department has averaged between 200 and 300 employees. Congratulations are in order for **Hensley** and his men.

ing turkey shoot impressario, party arranger, bingo, bowling and basketball promoter and spare-time sweeper-upper of the Recreation Department. is taking a week to tour nearby parts such as Jamestown, Cookeville and other points, accompanied, of course, by his wife, **Mary Ann**, of Health Physics . . . Any of you all sportin' fellers needing help this week—just call on Handyman **Ralph Pearson**, who is doing the sweepin'-up until **Wright** returns.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

W. S. Everett is over in Nashville this week . . . **Charley Pitts** is spending a few days in Atlanta (have they forgotten Black Saturday, November 10, already, yet?) but is returning for the Kentucky-Tennessee gridiron get-together Saturday of this week . . . The **N. K. Bernanders** were among the many Oak Ridgers at the Vol-Ole Miss game last Saturday . . . **Jackie Ford** was a recent admirer of Cumberland Falls, Ky. . . . Get well wishes to **C. P. Spires**, on the sick list.

This joke probably is as old as the period in which the characters lived—but here goes in deference to the source from which it is swiped—a joke column called "Corn Squeezin'" in *Miscellanea*, a plant publication of *Speery-Farragut* at Bristol from which many a bon mot has been purloined by The Bulletin. Well—maybe they squeezed it from here on the last go 'round. Now, thanks to Paul and Pat, the joke (?).

Horatio: "We're not making any money on this amphitheater."

Nero: "Yeah, the lions are eating up all the prophets."

There just ain't no profits in such—and so passing on those Happy Thanksgiving wishes to one and all and sundry—good-bye for this time.

SOME OF THE APPROXIMATELY 150 Y-12ERS on the D Shift and others competing in the recent shift turkey shoot are shown in the firing line ready for the event. Several turkeys and hams were awarded contestants.

Murderer's Row Leads In C League

The deadly Murderer's Row keglering outfit in the C League of plant bowlers mauled the Cards for four points last week to take over the loop lead. The Sooners, stung by the Hornets for three, dropped to second and the Deltas retained third place by splitting with the Q Balls. The Engineers and Rusty Five also divided their four points.

J. D. Davis, of the Sooners, took all individual scoring honors for the night. He posted a 211 scratch and 239 handicap game, 525 scratch and 608 handicap series. The Hornets had the best single game scores with 812 scratch and 1038 handicap. Murderer's Row led the series scorers with 2280 scratch and 2960 handicap.

League standing follows:

Team	W	L
Murderer's Row	27	13
Sooners	26	14
Deltas	24	16
Q Balls	23	17
Rusty Five	19	21
Engineers	16	24
Hornets	16	24
Cards	9	31

King Pins Climb In Evening Loop

The King Pins climbed back to one point of the Alley Cats for the lead in the Evening Shift Bowling League with a three-point victory over the felines and the Do Littles kept pace with a similar win over the Sure Shots. The Gutter Ballers replaced the Hot Shots in fourth place by taking three points.

Compton, Do Littles, had the best individual scratch scores with a 203 game and 513 series. Huston, King Pins, rolled a 235 scratch game and Fincher, Do Littles, a 635 handicap series for tops. The Do Littles swept the boards in team scoring with 776, 1021, 2151 and 2888.

League standing follows:

Team	W	L
Alley Cats	20	8
King Pins	19	9
Do Littles	16	12
Gutter Ballers	12	16
Hot Shots	11	17
Sure Shots	6	22

FATHER AND SON ARE BOTH WINNERS in the D Shift turkey shoot. Edwin Spradlen, right, Steam Plant, is receiving his Thanksgiving turkey from Bill Stanton, Stores, of the D Shift Recreation Committee, while Spradlen's son, Charlie, left, is getting ready to present his target qualifying him for a holiday bird.

150 Y-12ers Fire In D Shift Shoot

Approximately 150 Y-12ers enjoyed competition in target shooting and several won Thanksgiving turkeys or hams in the D Shift turkey shoot held last week at the old Oliver Springs Airport. Bill Stanton, Stores, and Fire Capt. Emmett Moore were in charge of the festivities. C. W. Matlock, of the Steam Plant, won a turkey in a drawing.

Winners of 19 turkeys and five hams in the target shooting included C. A. Wright, Stores; Pete Gregory and George Kirtland, Shift Superintendents and General Utilities; E. J. Spradlen, Steam Plant. Names of other winners were unavailable at press time.

'Good' Quail Year Is Seen In State

The Tennessee State Game and Fish Commission predicts a "good" year for quail hunting, with the season opening tomorrow, Thursday, November 22, Thanksgiving Day.

The commission says its agents have reported favorable numbers of quail in many sections of the state. The commission also points out that Tennessee hunters will have more quail to hunt in future years if they adopt a "take some, leave some" attitude this season. It is a good wildlife conservation practice to leave a few quail in a covey as seed stock for the future.

Hunters are urged to stay afield only long enough to enjoy a fair amount of sport—it isn't necessary to get a bag limit every time. Gunners also can help conservation of quail in another way—by changing hunt locations frequently in order to avoid over-shooting a particular area.

WHEN FOWL PLAY is profitable is shown by C. A. Wright, Stores, accepting a turkey he won in the recent D Shift turkey shoot from Fire Dept. Capt. Emmett Moore, of the D Shift Recreation Committee.

Physical Fitness Class Is Formed

A physical fitness class for all Union Carbide Nuclear Company employees in Oak Ridge has been formed and will inaugurate weekly meetings next Tuesday night at the Oak Ridge High School gymnasium. The class will meet from 7 p.m. to 9 p.m. and engage in calisthenics, use of gymnasium equipment and non-contact sports such as volleyball.

Every Y-12er interested in joining the group for exercise and health building purposes is urged to communicate with the Y-12 Recreation Department, Room 226, Bldg. 9704-2, phone 7751, to obtain any further information desired.

Seven Teams Enter Basketball Loop, More Are Expected Soon

Final Plans For Season Will Be Decided At Meeting Next Wednesday, November 28

Seven teams definitely are set for the opening of the Y-12 Plant Basketball League competition early next month and more quintets are expected to enter the circuit early this week, it was announced by the Y-21 Recreation Department following the first organizational meeting last Thursday afternoon. Enthusiastic reports from managers attending the meeting indicate another whiz-bang season for the Y-12 basketeers from the opening whistle until the final goal is tossed.

The first seven teams to enter league play and their managers are:

1. Hotshots, Paul Miller.
2. Health Physics, Ben Rutherford.
3. Rebels, J. L. Brown.
4. Bombers, Gib Hatmaker.
5. Sharpshooters, M. T. Little.
6. Swingers, Bradley Napier.
7. Cubs, C. L. Myers.

These seven outfits and any others that might enter the league will hold practice sessions at the Robertsville Junior High School through November 30.

Managers or team representatives of any other team wanting to enter the league are urged to immediately communicate with the Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751.

Another meeting of team managers will be held next Wednesday, November 28, at 1:30 p.m. in the Recreation Department office. At this time a final schedule for loop play probably will be adopted and plans for opening the season determined.

Bumpers, Rippers Continue In Tie

The Bumpers and Rippers, deadlocked pacemakers in the Classic League of Y-12 bowlers, each won three points last week from the Screwballs and Wasps, respectively, to continue the tie. The uprising of the week was by the Cubs, for weeks cellar dwellers, who grew tired of the darkness and whacked the Swingsters for the only whitewash win of the night and a jump to 10th place. All other wins were by three points by the Tigers over the Playboys, Rebels over the Wolves and Has Beens over the All Stars.

Ernie Cobble, Bumpers, had the best series scores of the night, 569 scratch boosted to 644 handicap. Harold Ratjen, Cubs, rolled a 219 scratch and 262 handicap game for tops. The Bumpers and Cubs shared team honors, the former having an 876 scratch game and 2480 scratch series while the Cubs registered a 1017 handicap game and 2908 handicap series.

League standing follows:

Team	W	L
Bumpers	30	14
Rippers	30	14
Tigers	26	18
Wolves	25	19
Wasps	25	19
Swingsters	23	21
Rebels	22	22
Has Beens	22	22
All Stars	17½	26½
Cubs	15	29
Playboys	14½	29½
Screwballs	14	30

Volleyball League Opens This Week

Play was scheduled to get underway on Tuesday night of this week at the Elm Grove School gymnasium by the Y-12 Plant Volleyball League. The league has five teams in action and will play every Tuesday night from 7 p.m. to 9 p.m. at the Elm Grove floor.

The five teams are the Sooners, managed by R. P. Wallace; Hunters, Walter Tyree; Hawks, Howard Horne; and two teams yet to be named and headed by Charley Peterson and John Gregory.

THERE'LL BE DEER MEAT a-plenty in the Hubert V. Tripp—he's in Research Services—household for some time. On the first day of the recent open deer hunt on Thiefneck Island in Watts Bar Lake, November 9, Tripp bagged a fat 150-pound doe with a fine shot in the neck at from 65 to 70 yards with a 30-40 rifle. Hunting by himself, Tripp found the carcass a big load to carry one and one-half miles to the hunting party meeting spot and so cut off the head before starting the long carry.

Seven Ups Soar To Tie With Bees

That bustling B Shift Bowling League staged another hoedown last week that saw the two bottom teams whitewash the first and third place quintets and the loop standings bristling with ties after alley activities halted. The sizzling Seven Ups socked the Challengers for four points to gain a tie for first place as the Bumble Bees were stung for four by the Ramblers. The Alligators completed the whitewashing for the night by licking the Crocodiles.

The Seven Ups monopolized team and individual scoring. The team swept the boards with 801, 1031, 2310 and 3000. Sam Edmunds led the crew with 203, 238, 543 and 651.

League standing follows:

Team	W	L
Bumble Bees	21	15
Seven Ups	21	15
Challengers	19	17

Preston, Peters Lead Ladder Play

Pete Preston and John Peters, both of Y-12, maintained their top positions on the Union Carbide Nuclear Company table tennis ladder after play of November 12. Preston repulsed bids of three challengers while Peters did not play that night because of working hours.

Other Y-12ers and their standing in the ladder of 26 players include John Harrington, 6; Red Brewer 7; and Mike Laggio, 11. Play is held every Monday night at 7:30 o'clock and all UCNC ping pongers are invited to come out to the Wildcats' Den, Robertsville Road and Oak Ridge Turnpike, to participate.

Y-12 Dance-Party, Children's Event Set

Continued from Page 1

applicant state the preference of time of the party they want their youngsters to attend. As near capacity audiences have attended all of the Children's Christmas Parties in previous years, it is necessary to ask applicants to write "1" or "2" in the blanks designating the times desired for first and second choices of times. Different tickets will be issued for each of the five parties so parents are asked to be particularly accurate in filling out that part of the application.

Equally important is to send the application in to the Y-12 Recreation Department, Room 226, Bldg. 9704-2, just as soon as possible. It is necessary to set a deadline of Wednesday, December 19, for filling of ticket requests on the applications.

Such factors as addressing envelopes and the rush of Christmas mail during that period makes it necessary to set the deadline — which is for the benefit of the Y-12ers so that they may receive the tickets in time to assure their youngsters the fun of attending the parties.

Dance-Party Tickets On Sale

For the Dance-Party at the Oak Terrace, tickets now are on sale at several points throughout the plant and may be obtained from these sources up until the day of the affair, when they will be available at the door.

Here's where and from whom the tickets may be purchased:

Mavis Koons and Joanna Rowan, Bldg. 9212; G. W. Ballew and

Clippers Copping Along In Mixed Loop

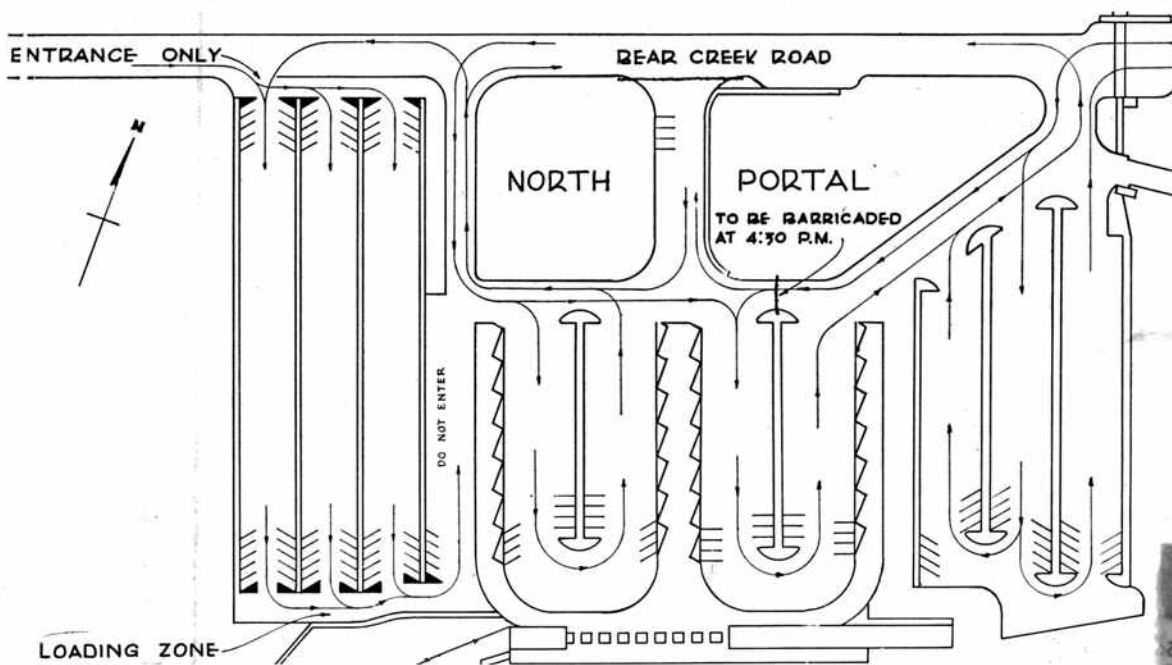

While the rest of the loop was battling for position, the Clippers copped right along at the top of the Mixed League of Y-12 men and women bowlers last week by whitewashing the Pin Cats for four points. The Scrappers could not quite keep pace, taking only three from the Knockouts, while the Units and Nip and Tucks poured it on the Alley Cats and Oleos, respectively, for four points. The Units' win was by forfeit from the Alley Cats, which dropped out of the circuit for the rest of the first half of the season.

Mary Cusman, feminine member of the Scrappers, had the top handicap game score of the night with 239. Another Scraper, Herb Oliver, took the other individual scoring honors with a 186 scratch game, 491 scratch and 595 handicap series. The Scraper team swept all team scoring tops of the night with 614, 795, 1740 and 2283.

Team	W	L
Clippers	37	3
Scrappers	26	14
Units	25	15
Nip and Tucks	20	20
Knockouts	19	21
Oleos	18	22
Pin Cats	15	25

Operetta: One who says "Number Please."

THE MAP ABOVE SHOWS THE TRAFFIC FLOW design for the North Portal parking areas, both old and new. Attention of Y-12ers is particularly called to the newly paved section, at left on the map, to which entrance should be made only from the extreme western end

of the area where a sign clearly points out "entrance only." No vehicles should enter this section of the parking lot through the old North Portal Road, which is used only for exit. Observance of the signs and directional markers will result in smoothly flowing traffic.

Time, Tempers And Traffic Mishaps Saved By Following Signs In North Portal Lot

Now that Y-12ers have a nice, new and smooth asphalt-surfaced parking area at the North Portal replacing the rough gravel covered section—traffic and safety authorities in the plant again are urging compliance with the traffic flow plan for the lot. It is pointed out that observing the arrows, parking lane lines and signs will make things easier all around for everybody using the lot.

During the first few days after the lot was marked the most usual error in driving was in entering by the old North Portal Road instead of proceeding along Bear Creek Road to the proper entrance that is marked at the western end of the newly paved area. Driving in the wrong road—which is really the exit from the area — might gain one motorist a preferred parking space but at the same time causes congestion and inconvenience for many others who followed the arrows and lines to correct parking spaces.

Likewise — a reversal of this trend having motorists dashing toward the prescribed entrance and against other traffic also can

cause confusion—to say the least. So to save time, tempers and traffic mishaps—all Y-12ers are urged to study the map at the top of the page and also carefully and completely observe those yellow signs and lines on the lot.

Y-12 Man Is Active In Amvets Program

Continued from Page 1

and application forms are to be given to the principal of Oak Ridge High School as well as other high schools throughout the state and also to the University of Tennessee. Anyone in the Oak Ridge area wishing more information on the program is asked to communicate with Emerson N. Stewart, a trainee teacher at the University of Tennessee, at his residence, 106 Arizona Road, Oak Ridge, phone 5-1488.

Winners Received By President

The winners of the Amvets scholarships are received each year by the President of the United States at the White House. President Eisenhower has sent a letter of commendation to the Amvets for having one of the best scholarship programs in the country.

Oak Ridge Post No. 2, Amvets, has scheduled a "White Clover Sales Day" in Oak Ridge on December 7, Pearl Harbor Day, with proceeds turned over to the national organization for support of the scholarship fund and other youth activities of the Amvets.

Tennessee is in District No. 2 of the Amvets, other states in the district being Virginia, West Virginia, Kentucky, North Carolina, Pennsylvania and the District of Columbia.

UCNC Badminton Competition Set

Badminton competition for all Union Carbide Nuclear Company employees in Oak Ridge has been assured with activities to begin on Thursday night, November 29, at the Jefferson Junior High School gymnasium. All Y-12ers interested in the sport are urged to get in touch with the Recreation Department, Room 226, Bldg. 9704-2, plant phone 7751, for further information.

It is hoped that sufficient play-

Thursday Holiday; Community Rites Set

Continued from Page 1

now known was made by President Abraham Lincoln in 1863, when he set aside the last Thursday in November "as a day of thanksgiving and praise to our beneficent Father who dwelleth in the heavens."

The date of observance has been changed several times since then—and the most recent observance, the fourth Thursday in November (usually the last) was set by Congress just a few years ago.

ers will report for the badminton play from 7 p.m. to 9 p.m. to form a league with representatives from Y-12, Oak Ridge National Laboratory and K-25. If not, competition on the ladder system will be started.
